2.3 Offloading ramp arrival schedule

2.4 Accreditation information

3.

Set up and teardown periods

All exhibitors must comply with and respect the scheduled periods for booth set up and teardown. All exhibitors who ship materials to the venue without permission outside the confirmed hours are exposed to a denial of access to the site, to be expelled, or to be charged for storage and labour.

3.1 Assembly schedule

Available doors and offloading ramps:

3.2 Dismantling schedule

Available doors and offloading ramps:

! Using the lobby or doors other than those specifically designated for set up and teardown is prohibited.

3.3 Assembly

Each exhibitor is responsible for planning the handling of their equipment (including transport to the booth site if transport is provided by an external carrier) and/or for completing any necessary order form. All materials left on the offloading ramp will be stored at the exhibitor's expense.

If lifting equipment is necessary to transport the material, these services must be arranged with the exclusive supplier for the Centre de foires. At all times, exhibitors and handlers must comply with the handling rules.

Refer to the 4.1 Handling section for more details.

3.4 Delivery

ExpoCité cannot accept shipments or items for storage prior to the set up dates unless a prior agreement is reached.

Exhibitors are responsible for the materials shipped to the Centre de foires.

The address label must include the following details:

<i>Name of sender</i>	
<i>Address</i>	
<i>Telephone</i>	
<i>Number of boxes</i>	
<i>Carrier and Phone No</i>	
	<i>Centre de foires - ExpoCité</i>
	<i>250-A boulevard Wilfrid-Hamel</i>
	<i>Québec City, Quebec G1L 5A7</i>
	<i>Rear Entrance (offloading ramp)</i>
	<i>Name of exhibiting company</i>
	<i>Name of event - Booth No.</i>
	<i>Person in charge and telephone number</i>

Any exhibitor who ships materials directly to the Centre de foires de Québec via a carrier or messenger service must understand that the materials will be automatically handled by ExpoCité's personnel, and that applicable charges will apply.

3.5 Access for heavy or oversized materials

Vehicles are not authorized to circulate inside the building. Nonetheless, the Centre de foires has two large doors (doors 7 and 22) that are located at either end of the building that measure 22 ft. wide by 16 ft. high. If you anticipate needing these accesses, please make prior arrangements because special logistics apply (charges may apply).

Parking is prohibited in these zones. Only unloading and loading are permitted, and anyone in violation will be towed.

3.6 Regulations

- For security reasons, alcoholic beverages will not be tolerated during assembly and dismantling operations.
- For safety and comfort, the corridors, elevators, lobbies, halls, stairs and emergency exits must not be obstructed or used for purposes other than those indicated by the Centre de foires and by the authorities overseeing the building's security. If you are planning special projects, please consult us to find the best possible solution in response to your needs.

3.7 Dismantling

Exhibitors are responsible for the teardown of their entire booths, including packaging and marking materials and boxes and planning their handling, and for completing any necessary order form. At the end of the scheduled exhibition dismantling period, any material not retrieved by an exhibitor will be automatically handled by the official event carrier or ExpoCité, and all incurred costs will be invoiced to the exhibitor with no advance warning.

Refer to the *4.1 Handling* section for additional details

4.

5.

Security

All forms of security in addition to general security for the establishment, must be arranged by the applicant or the promotor.

Exhibitors agree that under no circumstances will the establishment supervise the exhibited items or other items that the exhibitor, its personnel, or its sponsors may leave on the premises. Exhibitors must fully assume this responsibility at all times and at their own expense.

6.

First aid

To be properly prepared for any eventuality, the Centre de foires relies on an infirmary equipped with all the necessary equipment and accessories. It is located in Sector E. A stretcher and two cardiac defibrillators are strategically located for access during events.

The security and operations personnel of ExpoCité have received first aid training.

If you would like the services of a first responder to be available during your event, you must contact a reputable supplier.

7.

Insurance

Exhibitors must have their own liability insurance coverage. Proof of insurance must be given to the promotor when the lease contract is signed.

8.

Important information and regulations

8.1 Fire prevention service

All booths must be compliant with the [Fire prevention requirements applicable to events at the ExpoCité site](#) and all exhibitors are responsible for applying these rules. An inspection tour will be conducted before the event opens, and any exhibitor who violates the rules may have their booth closed down, or cause a delay in the event's opening.

8.2 Housekeeping

Housekeeping inside the booth is ensured by the company contracted by the promoter. For any request, here are the contact details of the supplier:

8.3 Adhesives authorized

To preserve the quality of our facilities for your use, only the following adhesives are accepted at the Centre de foires.

- Walls (concrete and other): 3M adhesive wall tabs, n° 7220
- Floors:
 - ECHOTape CL-W6033
 - ECHOTape DC-W188F

When deemed necessary, cleaning fees may apply if traces of adhesive remain or if surfaces are damaged during dismantling.

8.4 Motor vehicles on demonstration

Inside the Centre de foires, the vehicles and equipment with an internal combustion engine must comply with the [Fire prevention requirements applicable to events at the ExpoCité site](#).

8.5 Balloons and confetti

The use of helium balloons is restricted in the exhibition rooms and must receive prior approval. If balloons must be retrieved from the ceiling following your activity, fees will be charged. The same applies for confetti and paillettes, whose use may result in significant cleaning costs. Please advise the promotor of your plans.

8.6 Pyrotechnics – presence of smoke

Indoor pyrotechnics are subject to strict regulations. Prior approval must be obtained for the use of a smoke machine. Following analysis, a smoke squad may be deployed at your expense. ExpoCité's Security Department must be alerted before the device is turned on to avoid the fire alarm from being triggered.

8.7 Food samples

No food or beverages may be distributed, sold or given away as samples without prior written authorization from ExpoCité. Please address your request to your promoter. If sampling is authorized, the exhibitor must comply with all laws and orders, and with municipal, provincial and federal regulations.

Refer to the [Sampling standards document](#) for additional details.

8.8 Alcohol – permit

ExpoCité and its food concessionary hold all the necessary alcohol permits. They alone are authorized to serve alcoholic beverages inside the Centre de foires and the Pavillon de la jeunesse. Any unstamped alcohol will automatically be confiscated. Refusal to obey will result in expulsion from the premises.

8.9 Distribution of stickers

It is strictly prohibited for exhibitors to distribute stickers.

8.10 Sponsorships, promotions and media

The presence of sponsors that are liable to be in competition with the ExpoCité sponsors must be disclosed to ExpoCité and subjected to approval. For all activation, sampling and media presence projects, check the terms and options with your promoter.

8.11 Contests

Exhibitors are responsible for obtaining the necessary permits for holding promotional contests at their booths. Under no circumstances may contests engage ExpoCité or the promoter.

8.12 Tobacco and vaping

ExpoCité is pleased to offer a smoke-free environment. Accordingly, smoking and vaping are prohibited inside the Centre de foires and the Pavillon de la jeunesse, with no exceptions.

8.13 Children

Note that for their safety, it is forbidden for children under 16 years to circulate in the Centre de foires and the Pavillon de la jeunesse during set up and tear down periods.

8.14 Animals

Only service dogs for persons with disabilities are authorized in the Centre de foires and the Pavillon de la jeunesse. The presence of other animals must receive prior approval from ExpoCité representatives.

8.15 Proper conduct

Exhibitors must not engage in any conduct that could hamper, or violate the rights of ExpoCité, the promoter, the other tenants or exhibitors. The promoter and ExpoCité reserve the right to refuse or expel any person who is deemed to be undesirable or who, in one way or another, impedes the smooth rollout of the event.
